## PLAN GAY TIME FOR ARRIVALS ON HILL LINER

Concerts, Dances, Japanese  
Show, Surfing and Auto  
Rides Outlined

With only three days left before the Hill liner Great Northern ties up at Pier 7 Friday morning and pours a crowd of eager tourists into Honolulu, entertainment plans for the visitors are practically completed and only a few finishing touches remain before everything necessary to insure a representative Hawaiian welcome will have been done.

Honolulu's three largest hotels, the Alexander Young, Moana and Royal Hawaiian, have cooperated in arranging a distinctive program which will entertain their tourist guests from the time the big steamship docks at 10 o'clock Friday morning, until she sails away at 11 o'clock next Monday night, December 6, for San Francisco.

General Manager Theodore B. Thiele of the three hotels today announced the program of entertainment he and his assistants have devised to entertain the visitors. Here it is:

Hawaiian music at the Moana and at the Alexander Young rathskeller will be plentiful Friday, from the time the Great Northern docks, throughout the remainder of the day.

Friday evening a dance at the Moana will be the feature. This will probably be held in the big dining room, to accommodate all who attend, both tourists and Honoluluans.

Saturday night the Alexander Young hotel roof garden will be the scene of another dance, giving the tourists an opportunity to see how Honolulu looks at night.

For Sunday evening the visitors will be treated to an evening of Hawaiian music at the Moana. The usual concert will be extended, lasting until 10 o'clock.

Monday evening a dance at the Young hotel roof garden will enable those returning to the mainland on the Great Northern, leaving here at 11 o'clock that night, to obtain another glimpse of the magnificent panorama of the city and the sea, before they have to rush away to catch the steamer.

Concerning the Sunday night concert at the Moana, Mr. Thiele said that at recent concerts music-lovers have been disturbed by the noise of automobiles being driven in or out while numbers were being played.

"The management would be very much pleased," said Mr. Thiele, "if those who cannot stay until the concert is over, or who come while it is in progress, would park their cars outside, along Kalakaua avenue, so that the annoyance of automobiles entering or leaving will be eliminated."

At a meeting to be held Wednesday morning at 10 o'clock in the Chamber of Commerce rooms, between the entertainment committee of the chamber, the Ad Club, Commercial Club, and Promotion Committee, final details of the parts to be played in extending an aloha to the Great Northern's passengers will be arranged.

"One of the things we must insist upon," said a member of the committee, "is the fact that passengers do not need to pay exorbitant rates for automobile rides, and that a regular rate for places about the city has been fixed."

These cards will be sent ahead to Hilo and will be distributed lavishly on the boat between there and here.

On Friday evening, December 3, a repetition of the Japanese play which was presented at the consulate grounds at coronation time has been promised by Consul H. Arita under the auspices of the Japanese consulate. This should prove a good attraction for a large number of tourists. Dances will also be held on this night at both the Pleasanton and the Moana hotels.

On Saturday night a dance will be held at the Seaside. Saturday afternoon will probably be turned over to surf riding and bathing at the Outrigger Club. G. H. Tuttle, president of the organization, having expressed his willingness to have the visitors entertained there. Boys will be provided to captain the canoes.

Band music will be furnished by the 1st Infantry band of the National Guard and the Hawaiian band on Sunday afternoon at Kapiolani Park and the palace grounds.

Movies of Hawaiian Scenes.  
On Sunday evening Robert K. Bonine will show his famous moving pictures of Hawaiian scenes in the Opera House. The regular Sunday evening concert by the Hawaiian orchestra at the Moana hotel will also be given. The Bonine films will include colored views of Kilauea, and of sunrise at Haleakala, as well as army and civilian life scenes.

At noon on Monday the members of the Commercial Club and the Chamber of Commerce will give a luncheon for the officers of the Great Northern to which all members of both organizations are urged to come. More details of this luncheon will appear later.

Hotel accommodations here are believed to be entirely sufficient, following a summing up of available rooms in various hotels this morning. The exact number of passengers coming on the Great Northern is not yet known, but this information will be forwarded as soon as the ship leaves San Pedro.

An impression that seems to have been gained by a number of people that the Great Northern is booked full for the first three trips from Hawaii to the coast was cleared away today by the local agency, F. L. Waldron Co., Ltd. The vessel, it is stated explicitly, is booked full for the first three trips from coast ports here, but there is plenty of room available for return trips and the agency assures good accommodations to prospective travelers.

## TRAFFIC LAW IS QUESTIONED; NEW TWIST ON LIMITS

Police Judge, With Eight Drivers  
Nabbed, Takes Question  
Under Advisement

Honolulu's much-discussed and apparently still perplexing traffic regulations were given another twist this morning in police court, when Magistrate Monsarrat raised a question regarding the 20-mile-an-hour limits and just where they may be. As a result, eight motorists caught in the net of the motorcycle officers last Saturday were given until tomorrow morning to enter pleas, and meanwhile Judge Monsarrat announced that he would take the matter under advisement. All of the motorists who appeared before the court were nabbed for alleged exceeding of the speed limit in Moanalua Gardens, S. M. Damon's estate, and all of the alleged infractions occurred west of the stone bridge over the estate's little brook. It seems to be a question in Judge Monsarrat's mind whether under the present regulations this section is included in the 20-mile limit or whether it should come under the country-district designation, the ordinance providing that in "sparsely-settled" parts the auto may go 35 miles an hour.

It is the contention of the police that 20 miles is the limit in Moanalua Gardens. The motorcycle officers say that those in charge at Moanalua are very anxious to stop some of the speeding that has been done, and that 20 miles is the safety limit on this road, which is winding, smooth-surfaced and has sudden curves. In wet weather speeding here is positively dangerous.

Those whose names were called today were Prince Kuhio, John Grace, C. F. Lund, Paul Bomke, Ed Pomeroy, Lieut. Donald Hay of the 25th Infantry, Lincoln Achleu and H. C. Moy. Grace was first called and made a straightforward explanation that he did not understand the 20-mile limit applied here. Judge Monsarrat and Deputy Attorney Chillingworth then briefly discussed the question of where this limit lies, after which the judge announced he would take the case under advisement until tomorrow.

As one after another of the remaining names were called, the judge announced the same action. All of those the police had charged with violating the ordinance were in court except Prince Kuhio, who was represented by Attorney J. B. Lightfoot. The attorney asked either that the prosecution amend its complaint to be more definite, or furnish the defendant with a bill of particulars.

Prosecuting Attorney Chillingworth raised a laugh in the court room when he remarked, smilingly: "I can make it more definite all right, for I was in the car with the prince myself."

It appears that Kuhio and Chillingworth were together, the prince driving, when the motorcycle officers caught them, and that at first neither the prince nor the deputy city attorney would believe the affair was anything but a joke on the part of the officers.

Judicial interpretation of this law will be watched with keen interest by 2000 auto drivers, for this section is one of the most frequented of the city. The supervisors may be consulted to see what they meant when they passed the 20-mile regulation.

## OFFICIAL CABLEGRAMS TO WASHINGTON MUST BE SENT MINUS "D. C."

Honolulu's federal officials are not bothering their heads about the recent order from Washington instructing all government officers to eliminate the letters "D. C." from cables or telegrams sent by them to Washington, at the government's expense.

"We never put it on," said Farmer Sharp, acting collector of customs, this morning. "The cable and wireless companies never charged us extra for 'D. C.' but we never used it anyway. Plain Washington does all right, in Honolulu at least."

The order was issued by the treasury department, Assistant Secretary A. J. Peters directing the letters "D. C." to be omitted on all telegrams sent to Washington by federal officials.

San Francisco papers say that as the government's contract with the service telegraph companies calls for a toll of two cents a word, four cents will be saved on each message. It is said that in the course of a year the elimination of "D. C." will save the government many thousands of dollars.

## WANTED, INFORMATION.

It was the dreaded day of examination in arithmetic.  
"If anyone has a question to ask," said Miss Bell, "He must come up to me very quietly."

Teddy sat frowning over the third example: "A little girl had a family of dolls. She gave one-fourth of them away and had six left. How many did she give away?"

Suddenly his face cleared. He arose quietly from his seat and tiptoed up to Miss Bell.  
"Will you please tell me," he whispered, "how many dolls make a family? I've never heard."

George F. Baker, chairman of the Board of the First National Bank of New York, donated \$260,000 to Cornell University.

Explicitly, is booked full for the first three trips from coast ports here, but there is plenty of room available for return trips and the agency assures good accommodations to prospective travelers.

## INDICTED MAYOR WHO HAS NOW BEEN FREED

Joseph E. Bell, the Democratic politician who was indicted with "Tom" Taggart and many others for alleged bribery and corruption at elections. He has recently been acquitted by a jury.

## NERVOUS CHAUFFEURS.

Coroner Ernest C. Wagner of Brooklyn believes only one woman in 10 is "temperamentally fitted" to drive an automobile and there should be a special examination for feminine chauffeurs to test their nerves.

Mr. Wagner made the statement as a result of his examination into several recent accidents in which women lost control of their cars through an attack of "nerves" at the wrong time.

## AUSTRALIA TO RAISE MINERS' UNIT FOR WAR

[Associated Press]

SYDNEY, Australia.—The cruiser Brisbane, the latest unit in the Australian navy, which was launched successfully at the Cockatoo Island naval yard in October, is the largest vessel of any type yet launched under the Union Jack in the Southern Hemisphere. The Brisbane is of 5400 tons, and is the first cruiser to be constructed completely by any of the overseas British dominions. At the launching she was christened by Mrs. Fisher, the wife of the prime minister, who is from Queensland. It is after the capital of the state that the cruiser is named.

It is hoped to place the Brisbane in commission next August. She is to be followed on the stock by another vessel of the same type, to be called the Adelaide in honor of the capital of South Australia.

## PETROL FOR ALLIES SENT BY EXPRESS UNDER GUARD

RICHMOND, Cal.—An express train with an armed guard and carrying 750,000 gallons of petrol to fill war orders, will leave here for New York every 24 hours until the Panama canal is reopened for traffic, according to an announcement made here by officials of the Standard Oil Company. The first train went over the Santa Fe with the right of way over all other traffic and with a time limit for the trip of 68 hours. The trains will consist of 25 oil cars, each carrying 30,000 gallons of petrol and each train protected by an armed guard.

At a meeting of the London stock exchange a resolution was passed calling upon a committee to take action to prevent the return of German and Austrian members unless they have sons fighting on the side of the Allies.
